POWER ENGINE ØdBA580

The innovation of **RECOM**
Ø dB Technology

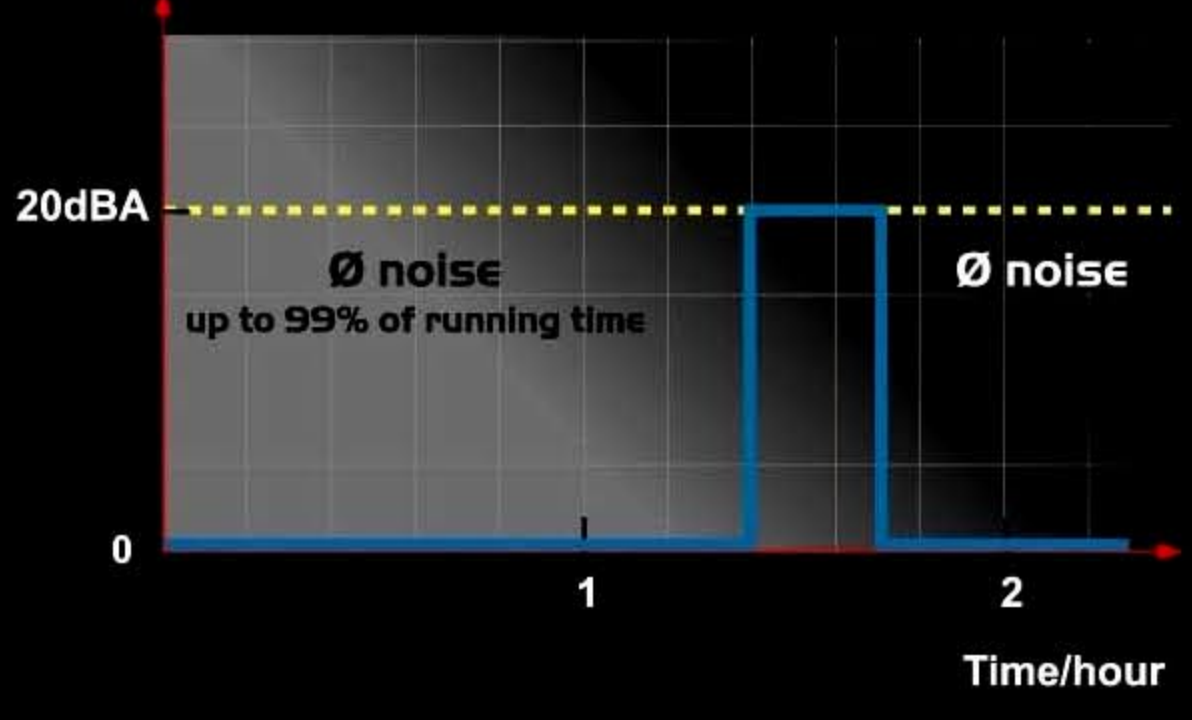

Up to 99% Ø Noise
Save Energy, Save Money

Energy saving = Money you save

Recom ØdB Techology

AC Input: 100-240V Current: 5A-8A Frequency: 50-60Hz Max Power: 580W	DC Output	Min.	Max.
	+3.3V	1A	28A
	+5V	1A	30A
	+12V1	1A	20A
	+12V2	1A	20A
	-12V	0A	0.8A
	+5Vsb	0.5A	2.5A

- Conform to Intel ATX 12V Ver. 2.2 and EPS 12V Specifications
- 90-264V Universal Input Voltage
- Active PFC (power factor correction) > 99%
- Support SLI, Cross-Fire, and Dual Core CPU
- Protections: OVP, OCP, SCP (short circuit protection)
- 12cm fan, automatically adjusted according to the variation of temperature
- Dimension : 150mm x 140mm x 86mm
