

Power watcher technology :

Enables you to check which (game) applications are consuming system power resources realtime !!!

## 600 WATTS! POWER ENGINE 600CF

Intel & AMD dual core support

Nvidia SLI ready  
Ati Crossfire ready

Cable free design for better cable management

Triple +12volt output rail

Meet the ultimate balance between necessary cooling and noise

Vibration pad protection

Advanced double forward circuit and double layer PCB

Honey comb structure with best ventilation

All output cables with nylon sleeving

Active power factor correction

Real time power consume watts indicator

Gold plated terminals

Super high efficiency  
Maximum 84%

Long life 12cm silent fan

Flexible connector design

Patented easy swap connectors

ATC +12v version 2.2

Dual PCI express power connectors fully supports SLI and cross-fire system

### CABLE MANAGEMENT FREE DESIGN

CONNECTORS	QTY
MAINBOARD POWER 20 + 4 PINS	1
CPU CONNECTOR 4 + 4 PINS	1
6 PIN PCI-E VGA	2
4 PIN FOR PERIPHERAL DEVICES	8
4 PIN FOR FLOPPY & CARDREADERS	2
SATA FOR HDD & DVD & BLUERAY	4

ACCESSORIES
CABLE SET PCI-E & ATX & 12V & SATA
POWER CABLE & SCREWS
VIBRATION PAD
RE-USABLE TIE WRAP
CABLE BINDER

AC INPUT: 110V-230V 10A FREQUENCY: 50-60HZ MAX LOAD: 600W	DC output						
	+ 5V	+ 3.3V	+ 12V1	+ 12V2	+ 12V3	- 12V	+ 5VSB
